Important Update from SHOEI Helmets

Effective March 8th 2019, all NEOTEC II's produced on or after this date will fit both SENA SRL/SRL2 units. The NEOTEC II has been updated to accommodate both the original SRL as well as the newer SRL2 Bluetooth communication units from SENA. See below for specific details and of course don't hesitate to ask us any questions.

SRL

Detachable boom/wired microphone

SRL2

There is no difference between SRL and SRL2's functionality and performance. The only difference between them is that the SRL is equipped with a integrated boom microphone vs. the SRL2 microphone is detachable, and both detachable boom and wired microphones are included in the box.

There will be a time period where two types of NEOTECH II will exist in the marketplace.

- A. Only SRL compatible SRL NEOTECH II
- B. Both SRL/SRL2 compatible NEOTECH II

These two types can easily be identified in 4 ways.

- 1. 5 Year Warranty Sticker
- 2. Shield Sticker
- 3. Shape of Cheek Liner
- 4. Production Date

ABOUT SHOEI® PREMIUM HELMETS

The name SHOEI® has long been synonymous with “premium” in the motorcycle helmet market – a credential that hundreds of loyal men and women in our Japanese factories wear with great pride. The evolution and production of our world-class helmet line is a meticulous process that combines the very latest in technology with consumer feedback, modern testing practices, advanced materials, and over 60 years of helmet building experience. Just like the very first SHOEI® helmet built by our founder back in 1959, every SHOEI® today is still handmade in Japan utilizing a sophisticated process that involves over 50 people for each and every helmet.
